### BEHAVIOUR PROBLEMS

Please give a brief outline of the behaviour problem(s) for which you are referring:

## HEALTH CHECK, LABORATORY RESULTS AND MEDICAL HISTORY

- ♥Please perform a health check on the patient to rule out any underlying medical problems
- ♥A blood test is recommended to help rule out medical causes for the behaviour problem and to give us a baseline should we start medication. Biochemistry, CBC and T4 is required
- ♥Urinalysis and faecal analysis is recommended for elimination problems

Please forward the results for the health check, laboratory results, and the patient's medical history to PVBS prior to the consultation.

## ANY OTHER INFORMATION

Please include any other information that is relevant:

## NEXT STEP

Please ask the owner to contact us for more details regarding the consultation process and what is involved, including costs.

Thank you for your referral. Nichola Frampton will send you a copy of the report after seeing your client.
